Legality Of Proposed One Cent Sales Tax Is Questioned

Mr. Lewey Stephens, the former District Attorney for Coffee County, met with the Coffee County Commission on Monday to discuss the private citizen," and told the Commission it does not have the power to impose a 1-cent tax on new real estate to fund a new jail, and if it tried to impose such a tax, a lawsuit would be filed.

"The failure to levy a tax is a misdemeanor," said Stephens, "and if you don't build a jail, you will be in contempt of court. The Commission has the power to impose a 25-mil tax on property. I know the problem you're facing, and realize you have to run a jail in 1993. The county has 1,000 beds but this is the only solution to the problem, because the county does not have the power to impose a 25-mil tax on property."

"I read the law," answered Stephens, "and it states the County has the power to tax."

"If the Commission passes a sales tax, the lawsuit will be filed," Stephens said.

and the first order of business was to open bids on 2,000 tons of stone for the Highway Department. Bids received were:

Vulcan Materials	- \$10.64
per ton;	
Thompson Trucking	- \$9.49
per ton;	
Southeast Materials Corp.	-
\$9.90 per ton; and	
Southern Stone	- \$10.10 per
ton.	

The Commission accepted the low bid.

partment will contract the county to do the work and will pay for the help. County Engineer Leslie Mullins agreed to meet Mr. Nail at the lake and give an estimate on the cost of doing the work.

Sheriff Brice Paul told the Commission he had been in contact with the National Institute of Corrections, and that the organization offered to send a penal expert to the county to inspect the facilities and make recommendations on what can be done.

will be in excess of what we'd planned to do," said Commissioner Bennie Beckham, "and I'd rather we draw up our own plans and then let them look 'em over. It might not be a bad idea to contact counties the N.I.C. has worked in, and see if they helped them."

"They would simply come down and talk to us," said Sheriff Paul, "and then offer help. Their whole bag is assistance, and I think they can do us a service."

"We're sitting on thin ice,"

WARREN ROWE

I think a sales tax is unfair because a man who earns \$800 a week has to pay the same tax as the man who earns \$800 a week. But, that makes no difference - the Code states you cannot pass a sales tax for the purpose you have stated."

"The county attorney asked for an attorney general's opinion on the matter on September 10 and from the office of James L. Sawyer, "and we are waiting for a reply. We realized we would have to do something soon."

"You will either go to the misdemeanor or contempt of court route," added Stephens, "and you will have to pay. I will be feeding you. However, you will have the right to send out for meals if you wish!"

The bi-monthly meeting actually began at 10:00 a.m.,

Only one offer was received for purchasing 95 old batteries at the county shop, and it was from Robert R. Herring for \$4 apiece. The offer was accepted.

Two bids were received on a new boiler at the jail, and they were:

\$3,189 from Tucker Electric Service, and
\$4,532 from ESMAC.

The Commission voted to accept the low bid.

Mr. Merrill Nail, of the Game and Fish Division, addressed the Commission and asked it to consider maintenance on the boat ramp at Week's Bridge, and also asked the county to do work at the Coffee County Lake around the bank. The Conservation De-

"We should be able to get some helpful information on building projects," said Judge Paul, "as they might even be able to tell us where we can get funding to help pay the costs of construction. They will be coming on October 30 or November 1, and help us solve some problems."

"We've got a Grand Jury report to do something by December 3," said Warren Rowe, "and we've an order by Judge Adams. We don't need to wait for the Grand Jury report" may be working a detriment to ourselves. I'd hate to see us get in the same shape as Houston County."

"Their recommendations

"We're sitting on this ice," added Rowe, "and I'd hate to have a new witness come in that knows what they're talking about and that they're being ordered in to be invited in. You say they will only give us advice, but their advice could be more damaging than help. If the Federal Government is in a better position than we are, because when they need money, they just print it up."

The Commission decided to Judge Sawyer, Bill Cathers (Regional Planners), John Wright (AIA), Sheriff (AIA) and Warren Rowe to meet together and work on a solution to the problems.

The Elba Water and Electric Board held a brief meeting Tuesday night to review the business of the past month, approve the outstanding bills and adopt a budget for the coming year.

Board members were told that 39 accounts were behind for a total of \$1,488.04; eight accounts were inactive (moved, etc.) totaling \$508.20, and 13 meters had been pulled for non-payment of \$1,104.12.

The power bill for purchased power totaled \$150,663.55 for the past month, and current accounts receivable due by the 15th were \$110,580.33. Chairman Charles Hayes reported he

expected enough of these accounts to be paid by the due date to allow the utility to pay its outstanding bills, currently higher than the cash on hand. Monthly bills of \$5,326.14 were also approved by the board

BRAINSTORMS

WITH FERRIN COX

Us Wiregrass folks couldn't let those Yankees get all the credit for having a leading nuclear plant, so a mechanic turned a valve the wrong way and the Farley plant, outside of Dothan, spit some radioactive gas into the air this week. "Course they turned it off and quickly announced that it wasn't enough to hurt anyone... we aren't really worried, but wonder just what it is enough."

Last Saturday most of my family got to witness a real smart motorcycle rider and his female companion try to outrun the local police. First we heard a bike go up the highway making a "bit of noise." In a few minutes, we heard a police siren and it was getting louder. Most of us walked outside to figure out what was happening when along came this motorcycle again with the driver and the girl (with her hair waving in the breeze) followed closely by an Elba police car with blue lights flashing and siren wailing. Well, ye olde editor needed to go downtown anyway, and right quickly decided to put on shoes and shirt and go to town right then, curious about the bike rider. Well, radios run faster than most bikes, and he was caught, now by two police officers. We arrived in time to hear an officer tell the man he was charged with a bunch of things and was going to get a PEL test (that is the drunk meter). Now, our hero began to back at that and talk about going home, but when three officers showed him how to lie on the ground while they handcuffed his hands, the story was different. (He went 8 points over the amount to be declared drunk, we were told). Police filed no charges against the teenage girl, even though they know (and we know) she was the one. When the bike hit the curb and stopped suddenly she decided to run like a scared rabbit. The two dozen or so people that watched the chase and arrest probably went home assured our police had done their job in a very professional manner.

It seems every time we pick up a daily paper lately our friend, Congressman Bill Dickinson, is back in this area making a speech... like it was election time or something. We make no bones about the fact we are supporters of Dickinson and swell with pride every time someone puts out a report showing how high or low he stands with other congressmen on liberal issues. Sometimes, we think they have to make up the schedule special to get Bill to register at... cause it is he is about the most conservative conservative in the House of Representatives, and we like that.

The news reports of the fraud in food stamps in Mobile turn my stomach. Here we were seeing pictures of long lines of people waiting for their stamps so their family could eat, and now we find that millions of dollars of food stamps were obtained by fraud. This "something-for-nothing" idea seems to grow and grow, and we get "scared and scarer."

Well, David Bronner is reaping his reward for offering to help straighten up the state government and put it on a business basis. Now, we think the leaders of the teachers' group fighting his rehiring to manage their retirement funds are pure stupid. But as stupid as we feel they are (it's just politics 'cause six months ago they were saying he was the best thing to ever happen to them), there is something here even worse. We have a man highly respected in his field - nationwide respect - with people coming to Alabama from far and wide to study his system. Then he agrees to help in another area - government - and this is his downfall. We all want cut in expenses, but cut the other side, not our sugar test. Now, after donating his services to government (that is us) his reward is a boot in the seat of his pants and possibly a ruined career. This give us some insight into the problem of getting good, honest citizens involved in politics, and until we change, it can only get harder.

The Pope came to the United States, but now he has gone. Pope John II made a hit with the American people and only upset some of his Catholic believers who felt some of his words should be changed. All in all I find the Catholics are not much different from us as Methodists (and one or two Southern Baptists). We read the church doctrine and go right on doing and believing whatever we please.

Ye olde editor just can't keep these politicians straight. We were watching City Councilman Wayland Sharpless and were about ready to put him back to work after his recent surgery, when we look around and realize Tax Collector Max Reeves is lying in the hospital being treated for a heart attack. If they only knew how confused I carry, surely they would slow down a little on all this mess. I had just about gotten my fishing buddy Ed Cooper well enough to carry the pony express again before all this happened.

Just a little on the courthouse matter. The latest out of those across the river is the cost of building a jail and courthouse or two of both. Well, we don't know just who came up with all those interest figures, but we do a lot of talking to folks who loan money (it is necessary with us), and we just happen to know the Elba Water and Electric Board was offered this week some 75% money from a bank, and Farmer's Home has some 5% money that can be used anywhere in Coffee County outside of Enterprise. I do wish those folks would tell us what we want and need were aware of all this good information.

Letter To Editor

The American Legion, Elba Culver Post #42, and Auxiliary will meet tonight (Thursday, October 11) at 7:30 at the Elba Home on Troy Road for regular monthly meeting. A covered dish supper will be served. All veterans and families are urged to attend.

Having never experienced a fire in their home, I am certain that the majority of Elba citizens are as uninformed about fire fighting as my family was. Let me say that it is great to live in a small town where the citizens really care!

Sincerely,
MRS. HAROLD HUDSON

Attend Meeting
American Legion and Auxiliary officers attended the 35th District meeting in Brundidge on October 1, and the Auxiliary officers attended the Fall Conference in Troy on October 7. Membership reports were turned in and, as of now, membership is ahead of this time last year.

The children are: Alma (Mrs. F.G.) Maddox, of New Brockton. She has six children and is a retired nurse's aide from the nursing home Enterprise where she was employed for almost five years.

Virgil Whittington lives in the town of New Brockton, and is a retired nurse's aide from the nursing home Enterprise where she was employed for almost five years.

The late Mrs. Susie Fleming was the mother of two children and was retired as a nurse's aide from the hospital in Enterprise.

Hattie Harrison lives in Orlando, Florida. She has three children and is a retired nurse's aide from Florida Manor Nursing Home in Orlando, after fourteen years with them.

The next child is Keller Whittington. He lives in Houston, Texas, and is the father of three children. He served in WW II, and was employed in refrigeration, but is now retired.

Leona Maddox is a widow living in Jacksonville, Florida. She is the mother of two children and is a cashier in a drug store in Orange Park, Florida.

David Whittington, of Claremont, Florida, is Miss Nona's next child, and he is a builder and the father of seven children.

Onyx Cook, Clayton, Alabama, has seven children and is an inspector in a shirt factory in Clayton.

Next is Odessa Shaw of Kansas City, Missouri, who has three children. She is an R.N. in the emergency ward of Baptist Hospital in Kansas City.

Thelma Fowler is a widow who makes her home in Dothan. She is the mother of three children.

Howard Whittington is Miss Nona's "baby," and he lives in Moorehead, North Carolina. He has three children and is a builder.

From the above children listed, Miss Nona has 39 grandchildren, 70 great grandchildren and somewhere in the vicinity of 25 great great grandchildren. The reason the last number is approximate is because she was expecting two more additions to her mother's family some time this past week. As she laughingly said, "I've just quit counting my great grandchildren and great great grandchildren. They multiply too fast! She is lovingly called "Big Granny."

Another story from Miss Nona's inexhaustible supply... She said "When Mama was only ten years old, she had three little brothers, and when their father (Aaron) was off to war, Mama remembered doing around the fire spinning and weaving cloth. The little boys' jobs were to pick the seeds out of the cotton; and Mama said she mother would make the boys pick seeds out of enough cotton to fill their shoe full of seeds before she'd let them go to bed."

Miss Nona had five brothers, two of whom died before she was born. The others were Curt, Robert (Bob) and Byrd. She had three sisters - Samantha, Lula and Nanny. Miss Nona is the only survivor on the list.

On the first day of October, 1905, when Miss Nona was 17, she married Mr. Vanderbilt Whittington, who was almost ten years her senior. He was a native of Barbours County, having been born about 11 miles from Clayton. Mr. Whittington was a farmer, and Miss Nona said, "We always had plenty to eat."

Mr. Whittington, according to Miss Nona, definitely did NOT like to be called Vanderbilt. He preferred to be called Vander, which everyone did. She said she THINKS he was named after one of the rich Vanderbilt tycoons.

Mr. Whittington died March 30, 1960, at the age of 82.

Miss Nona recalls living in Geneva, Headland and Mt. Andrew (Barbour County) during her married life. She remembers on one of the farms they lived, one year they made eight bales of cotton during WWI.

Miss Nona is the matriarch of a large family - 11 to be exact; until Tuesday of last week, all the children were still living. On that day, Mrs. Susie Fleming, the third child, of New Brockton, passed away.

by this large clan.

Miss Nona belongs to the First Baptist Church in New Brockton.

She lists "any kind of vegetable, some meats a value." "I'm not too crazy about chicken. I like the boney pieces better than the breast. I didn't used to eat sweets, but I like them now."

Miss Nona has always been a housewife (WHO could find time to be anything ELSE with 11 children, ranging over a 20-year span!!). However, once she did find some time to do some nursing for an elderly lady with whom she stayed in the room saw me, she ran out with them.

When asked if she liked the nursing home, Miss Nona replied, "Yes, I am getting well satisfied here." The "buddy housekeeping" in the house project in New Brockton, about 5 - 6 years ago, and lived with a granddaughter and her husband, Inez and Billy Shepherd in New Brockton, before coming to the nursing home on April 18, 1979.

Her hobbies are quilting, fishing and reading. She is reading the Bible from start to finish now - she said she was almost through the New Testament and has already started the Old Testament.

Visit this sweet lady soon, and the other dears at the nursing home.

PASTOR'S CORNER

REV. C. L. DYESS
PASTOR ELBA CHURCH OF GOD

For several days I have watched with amazement the number of yellow butterflies that pass by our window. They all seem to know the exact place they are headed for. I am told that they all meet at one particular place to spend the winter. How far they have traveled and the distance they still have to go, I do not know. The God-given instinct lets them know when it is time for them to seek a shelter against the cold winter months. This could be a wonderful example to all men; to flee from the wrath that is to come.

God has given signs through the years, letting man know that time is about to come to an end. He has given man an escape route, and asked that all men head in that direction, that he might find shelter.

While watching the butterflies, I observed that they had all gone in the same direction. Very seldom did I see one backtracking. Should they have delayed their traveling, they would not be able to escape the onslaught of winter.

Many of them will not make it to their place of safety. Some will die on the way, because of the hazards they will encounter. Whether they die on the way is of little significance, but their listening to nature and responding to that call is of great importance.

Man has been warned of God that he should put his hand to the plough and not look back. Time is about to run out! There is no time for man to think on going back, for somewhere there is an enemy that is looking for a way to delay his travel. Like the faithful of old, that died in the faith looking for that blessed hope, let us press onward, for our goal is almost in sight.

The butterflies were all headed in the same direction, which could serve as an example to all men. We are all of God, born again, and profess to know Jesus, we must travel in the same direction. God has told man that he should seek the way and he would be able to find it. There are not many ways as some might indicate, for Jesus said, "Enter ye in at the strait gate; for wide is the gate and broad is the way that leadeth to destruction, and many there be which go in thereat. Because strait is the gate and narrow is the way which leadeth unto life, and few there be that find it." - Matt. 7:13-14

The people Paul found the way after hearing Jesus, and never turned back to his former way. If you have heard the call of Jesus, don't look back. Fight the good fight of faith and know where you are headed. If you don't know Jesus accept Him today and join in with all the other believers and let us all say together as Paul, "I have fought a good

fight, I have finished my course, I have kept the faith. Henceforth, there is laid up for me a crown of righteousness, which the Lord, the righteous Judge, shall give me at that day; and not to me only, but unto all them also that love His appearing." - II Tim. 4:7-8

"There hath no temptation taken you but such as is common to man; but God is faithful, who will not suffer you to be tempted above that ye are able; but will with the temptation also make a way to escape, that ye may be able to bear it." - I Cor. 10:13

Victoria WMU & Acteens Hold Joint Meeting

Victoria WMU and Acteens met Monday night, October 1, at 7:00 in the home of Mrs. Virginia Jordan.

Three acteen members and leader, Deborah Sullivan, eight WMU members, and three visitors were present. The meeting was called to order by the president, Elizabeth Kelley. The Watchword was read and Edie Flowers led in prayer. Mrs. Kelley introduced the

speaker, Mrs. Dorothea Nunez, who shared her inspiring testimony. It was an informative and unforgettable experience to hear a first-hand report on what it is like to live in a Communist country and escaping.

A short business session was held and then dismissed with prayer by the president. The group was then invited into the dining room by Mrs. Jordan to enjoy delicious refreshments.

The minutes of the Shiloh Church for May 11, 1867, show that a New Ebenezer Church had requested a committee be sent to help settle a difficulty that had arisen in the church. Shiloh sent M. B. Halstead, T. J. Brooks and James Grimes. Halstead left the Shiloh Church and community in 1869, so there is little likelihood that the date is wrong. Since the churches are adjacent to each other, it is not likely that it was another New Ebenezer that made the request. We hope to do further research before we complete the copy for the book of history.

In 1878 T. D. Caler was pastor, and J. A. Taylor clerk. With 21 members the church was admitted to the Pea River Association at its second meeting on November 3, 1878. Since this association was not organized until 1877 it is likely that New Ebenezer was in another association for a time.

Other pastors before 1900 include W. Allen, W.C.T. Mosley, W.F. Martin, J.W. Brooks, W.F. Martin again, W.C. Avant, C.L. Eiland, and W.A. Cumble. In 1881 the church was host to the meeting of the Pea River Baptist Association.

The following served as pastor after 1900: L.T. Johnson, M.B. Fleming, A.J. Brooks, J.M. Talley, C.O. Helms, C.T. Culpepper, D.M. Eiland, D.P. Lee, C.O. Helms, second time, E.L. Gillette, F.L. Mosley and Charles H. Gorman.

Debates on church doctrine and practices were common in the 19th century and the early part of this century. So, in 1917, the Curtis Chapel Church of Christ challenged the New Ebenezer Church to debate as to which was the "Apostolic Church," the Church of Christ or the Baptist.

The Curtis Chapel Church of Christ was located at Danley's Cross Roads, near where New Ebenezer was originally located. The church became inactive a few years ago.

On June 16, 1917, the New Ebenezer Church voted to accept the challenge. The date for the debate was tentatively set for September 4. But, in conference on August 4, the New Ebenezer Church voted to rescind its action, and refused to debate, and notified the Curtis Chapel Church of its decision.

However, the Curtis Chapel Church continued to insist on holding the discussion. So, on September 2, the New Ebenezer

We hope to do further research before we complete the copy for the book of history.

In 1878 T. D. Caler was pastor, and J. A. Taylor clerk. With 21 members the church was admitted to the Pea River Association at its second meeting on November 3, 1878. Since this association was not organized until 1877 it is likely that New Ebenezer was in another association for a time.

Other pastors before 1900 include W. Allen, W.C.T. Mosley, W.F. Martin, J.W. Brooks, W.F. Martin again, W.C. Avant, C.L. Eiland, and W.A. Cumble. In 1881 the church was host to the meeting of the Pea River Baptist Association.

The following served as pastor after 1900: L.T. Johnson, M.B. Fleming, A.J. Brooks, J.M. Talley, C.O. Helms, C.T. Culpepper, D.M. Eiland, D.P. Lee, C.O. Helms, second time, E.L. Gillette, F.L. Mosley and Charles H. Gorman.

Debates on church doctrine and practices were common in the 19th century and the early part of this century. So, in 1917, the Curtis Chapel Church of Christ challenged the New Ebenezer Church to debate as to which was the "Apostolic Church," the Church of Christ or the Baptist.

The Curtis Chapel Church of Christ was located at Danley's Cross Roads, near where New Ebenezer was originally located. The church became inactive a few years ago.

On June 16, 1917, the New Ebenezer Church voted to accept the challenge. The date for the debate was tentatively set for September 4. But, in conference on August 4, the New Ebenezer Church voted to rescind its action, and refused to debate, and notified the Curtis Chapel Church of its decision.

However, the Curtis Chapel Church continued to insist on holding the discussion. So, on September 2, the New Ebenezer

all think we have lots to be thankful for, even though crops are very poor. . . . Peanut pickers are beginning to start up, but that won't last long. . . . We miss Mr. and Mrs. Leon Bailey since they moved to Elba. . . . The quilting at the schoolhouse was well attended. Two quilts are being made for the benefit of the school.

Elba Assembly Of God Celebrates Fortieth Anniversary

FORMER PASTORS attending the 40th anniversary homecoming service are from left: Rev. Jim Arbogast, present pastor; Rev. Billy Johnson, 1971 to 1974; Rev. J.C. Burkes, 1967 to 1971; Rev. W.A. Thomas, 1967 to 1969; Mrs. Dan Dubose, widow of pastor from 1950 to 1955; Rev. Kie Sasser, 1945 to 1950; and Rev. J.C. Thames, organizing pastor from 1939 to 1945.

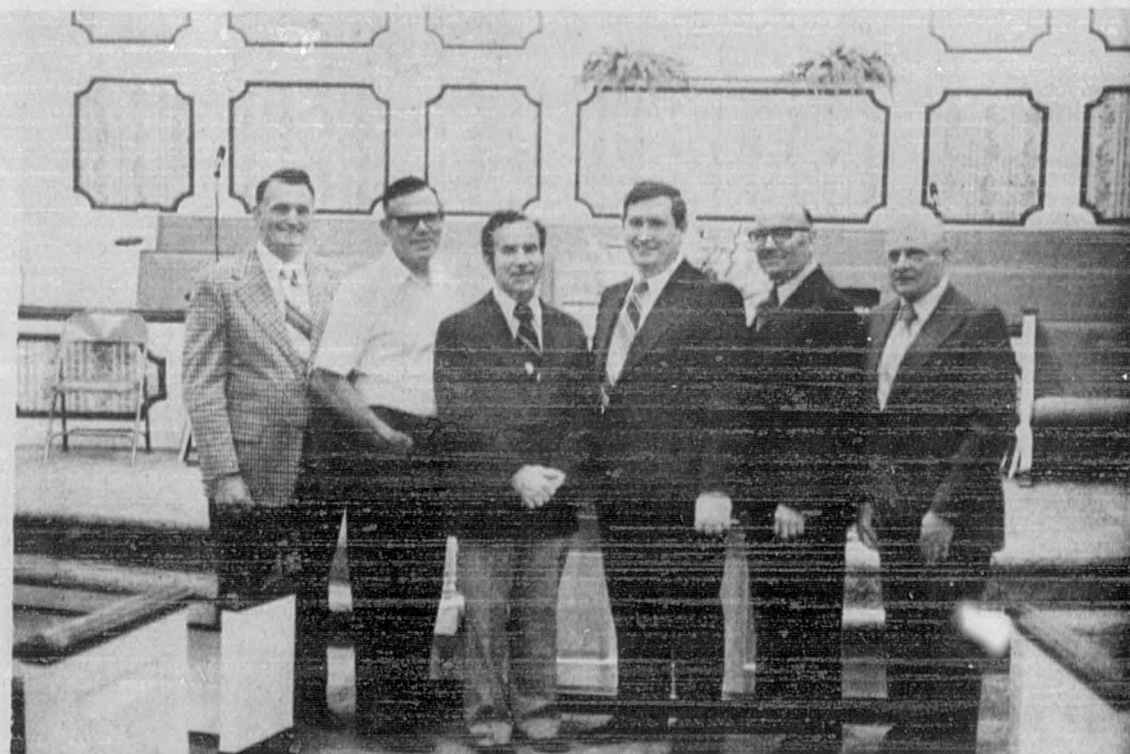

MEMBERS of the Rushing family have been prominent in the development of this church.

PLENTY of food was available after the morning worship services for all those attending to enjoy. The southern tradition of covered dish gatherings was exercised to perfection by the cooks and diners alike.

CHURCH MEMBERS gather around the bulletin board to view old photographs and reminisce about half-forgotten events.

Homecoming 1979 At Zion Chapel

BY: WANDA WAMBLES AND
CHRIS SANDERS

The 1979 Zion Chapel homecoming activities began Friday morning. The kickoff for the day was a pep rally in the gym at 9:00. The pep rally consisted of a routine performed by the cheerleaders, the crowning of the queen, the presentation of the queen's court, and the spirit expressed by everyone present.

Later each class decorated its homeroom; the rooms were judged for originality, imagination and spirit. One poster from each homeroom was selected to decorate the football field.

The class of '70 was honored with a special supper preceding the homecoming night activities. Presented before the kickoff were the 1979 homecoming queen and her court: Queen Suzanne Sanders, escorted by Jeff Senn; Senior Attendant Sharon Arnold, escorted by Greg Crook; Junior Attendant Vickie Ellison, escorted by Mark Sanders; Sophomore Attendant Judy Helms, escorted by Carl Lott; and Freshman Attendant Laura Doster escorted by Kevin Flowers.

During half-time the Rebel Band performed and the cheerleaders presented a special

Zion Chapel Termites

Win One, Lose One

BY: BOYD DEAL

On September 29 the Termites played the Elba B team (Raiders). The Termites won 6 to 0 with Greg McClain scoring the touchdown behind the blocking of the Termites line. The Pee Wees were also beaten by the score of 6 to 0 in an overtime battle. Both games were defensive battles.

The Termites played the Golden Rams of Opp. The Termites were defeated by the score of 0 to 6. Once again the game was dominated by defense. The Pee Wees were also beaten by a score of 6 to 8. The Pee Wees' lone touchdown was scored by Billy Clements.

American History Classes Have Guest Speaker

Last week the American History Class had Sgt. William Logsdon as a guest speaker. Because of several tours of duty in Germany, he was able to tell the classes many things about the people and their way of life. For instance, Germans do not say Germany; they call their country Deutschland. Germany is an English word.

Sgt. Logsdon had with him a very rare book that had been given to him by an old man with whom he played chess in his free time. The old man had been a Nazi and had gotten the book by saving coupons off cigarette cartons. The book was Nazi propaganda. It came without pictures; sending in more coupons was the way to get the pictures. Right after the war, any German caught with the book by U.S. or Russian soldiers would be shot on sight. The name of this book was "German Awakening." Sgt. Logsdon told us that he had seen only one other book of this kind. It was in the German National Museum and it was missing a picture.

Hunting laws in Germany are not the same as in the United States. First of all, there is a test, for getting the hunting license; this test is very difficult. In addition, a hunter cannot simply go hunt-

ing any time he wishes. Hunters have to take a game warden along. The reason for this is the safety of the people because of the dense population.

The German people are a very proud race of people. This is evident even in their everyday dress. The women are never seen on the streets with their hair in rollers, so they are not very happy about seeing American women on German streets with their hair in curlers and dressed in sloppy clothes. Even janitors and street cleaners wear suits to work and change into work clothes after they get to their jobs.

So that you don't get the idea that Germans are completely straight-laced, it should be said that the German national drink is beer. This is true even for small kids. All families have a favorite beer hall. On Sunday after church services, the beer halls are open for men only. The women are at home preparing the noon meal.

If you are ever invited into a German home for a visit or for a meal, you should know that you would be considered rude not to take the hostess a small gift such as a bottle of wine or a box of candy.

Meet Mr. Jackson

BY: MARY DAVIS &
RHONDA HUSSEY

Zion Chapel is very fortunate in having as part of its teaching staff Mr. Robert Jackson, a native of Greene County. He was graduated from Mississippi Valley State University and Alabama State University. He was certified at Auburn University in Montgomery, receiving a degree in Special Education. Before becoming a teacher, he served in the U.S. Army for four years.

Mr. Jackson has stated that he has many goals for the coming year: To produce a well-rounded student who is able to move into society to make a productive living for himself, to help the student contribute to his community to his fullest potential, and to help the student become a better citizen in our society.

Mr. Jackson said he enjoyed working with the faculty, staff and students.

freedom to be... NATIONAL 4H WEEK OCT 7-13

This week - October 7 - 13 - is National 4-H Week, and 5.2 million 4-H members throughout the nation will observe this time. Of these, 2,000 are in Coffee County. The national theme for 1979-81 is "4-H - Expanding Horizons."

The 4-H emblem is a green four-leaf clover with a white "H" on each leaf. The four H's stand for - Head - Heart - Hands and Health. The motto is "To Make the Best Better."

Four-H is the youth education program of the Cooperative Extension Service, and emphasizes learn-by-doing projects and activities that build character and leadership-citizenship skills. Angela Hughes and Jack Tatum are 4-H county extension agents for Coffee, and are located in the Farm Center Complex in New Brockton.

Following are stories about 4-H and some of its members.

Dawn Smith, daughter of Mr. and Mrs. Wayne Smith of Rt. 1, Jack, is one of the many 4-H beef calf participants. Dawn and 4-H agent, Jack Tatum, are shown discussing the weight of her 4-H beef calf.

4-H GIRLS PARTICIPATE IN LIVESTOCK

BY: JACK B. TATUM

Yes, it is true. Four-H livestock programs do involve girls. Take Lynn Watson of New Brockton, who shows a 4-H steer every year! Or take that 10-year-old girl from Kinston named Cecilia Patterson who shows both beef cattle and hogs. But, let's don't leave out boys. Lynn Cotton of Jack shows hogs, cattle and horses. Tim Grant of New Brockton, plays football and helps his daddy farm while showing a 4-H steer each year. Finally, let's don't leave out Jeff Dean who raised and exhibited the Grand Champion steer last year in Coffee County.

These are just a few examples of 4-Hers who participate in livestock programs. Beef cattle members start in August with the breaking and feeding of the calves, and climax in March at the District Show in Dothan. Another livestock program is the Market Hog Show where 4-Hers start in April with feeder pigs and climax in June with a county show. In addition to the beef and swine projects, Horse Club projects continue at a rapid pace year-round. Not only do the participants attend horse shows just about every Saturday with their families, but they attend the District 4-H Show to qualify for state competition. If they win first at State, they can attend the regional show which was held this year in Mississippi. One young lady who qualified for regional competition was Treva Walden of Daleville.

There are certain goals we try to teach in these programs. For beef and hog we teach proper feeding procedures, what to look for in selecting livestock, how to implant, how to determine average daily gains (A.D.G.), when to worm, and the best marketing procedures. For the horse program we teach grooming, sportsmanship, proper tack for your animals and showmanship. One area that is sometimes overlooked in other programs is letting the 4-Hers meet other people who will be their friends for life. If all this sounds like fun, remember - it is! Why don't you become one of the 2,000 4-Hers here in Coffee County?

A Chicago trip has been won by this pretty New Brockton 4-H'er. Donna Carroll won the state plant and soil science record book contest during September.

FROM 'BROCKTON' TO CHICAGO

BY: ANGELA G. HUGHES

Are you kidding - Chicago? This was the first statement made by Donna Carroll when she found out she had won a trip to Chicago. Donna graduated from New Brockton High School in May, and is now attending Enterprise State Junior College. She is the daughter of Mr. and Mrs. Harrell Carroll.

Donna has worked on the plant and soil science project for a few years and this was her ultimate goal. She has done many things in this project, including helping her parents with their nursery and greenhouse. The following is an excerpt from Donna's winning record book.

"I have been in 4-H nine years. In these nine years, I have received many honors and awards, but the greatest reward I have received is a trip to Chicago, which I have just won. I will be going in November; this trip is the highlight of all my years in 4-H."

"My main project is plant and soil science. I have taught a short course in 'House Plant Care' for retired citizens at Enterprise State Junior College. In 1977 and 78, I gave three demonstrations to elementary classes on 'How to Pot a Plant.'"

"In 1976 I entered the Junior Plant and Soil Exhibit. To my surprise, I won first place. I went on to District and won first place there also. I have won first place in county competition twice since 1976, and second place once. I won first place at District twice, and second place once. I have also been to state competition three times."

"Some of my other projects are Automotive Driving, Foods and Nutrition, and Sewing."

"A wonderful club has been established in Coffee County. It is the Coffee County Honorary Gold Key Fraternity, and is for very active 4-Hers. I am proud to say I've met the requirements of the club and am a member."

"Four-H is the greatest club around that a young person could belong to, because you can put your own talents to work and be your own self. Four-H has been very rewarding to me, and I wouldn't swap the wonderful times I have had in it for anything. Every young person who has a chance should give 4-H a chance. If you work hard in 4-H and put forth your best effort, your time will have been well spent and you will come out at first place."

MY 4-H CLOTHING STORY

Hello - my name is Deborah Farris. I am 16 years of age and a member of 4-H in Coffee County. But, wait - don't turn the page yet - I would like to tell you about my sewing project in 4-H.

Wow! Can you imagine how much money I have saved by making my own clothes and clothes for other members of my family? For the last seven years, I have made approximately 410 garments and articles, and have saved my family approximately \$2000.

I joined 4-H when I was in the 4th grade, and instantly I chose sewing as my main project. I liked sewing so well that when I was small, I would sew doll clothes instead of going out and playing with other children. Can you imagine a wardrobe of clothes for each of my dolls? That's exactly what I did. I first made them by hand, and let me tell you, my fingers became very sore. That was when Mother decided I could learn to sew on her sewing machine. I continued to sew as I grew older, and I realized that what my mother had told me about the pleasure as well as advantages to sewing, is still coming true with each new experience I have in my sewing.

Some of the things I have learned in my clothing project range from learning to operate the sewing machine and other basic knowledge of sewing, to sewing border prints and plaids, and learning to give demonstrations; teach sewing classes, and how to save and make money by using my sewing skills to sew for myself and others. Sewing for others has taught me to be dependable.

Through sewing for children, teenagers and adults, I have learned to fit others. Sewing for my brothers has taught me to handle menswear. My greatest pleasure in sewing for others has been seeing them wear and enjoy the garments I have made for them.

My first experience in teaching was in 1978 when I invited several younger 4-Hers to attend a "mini sewing course." It has been a joy to see those 4-Hers put to use what they learned in my sewing class. Since I had been sewing for years, I felt confident with my skills, but I soon discovered that teaching someone else to sew was completely different. The girls learned how to operate the machine, cut out a pattern, how to read and follow a pattern guide. At the completion of the course, they were very pleased with the things they had made, and wanted me to keep teaching it.

Setting high standards in my own sewing has taught me to recognize quality construction. Using these standards when buying clothes has made me more aware of the construction and quality of ready-made garments.

The State clothing specialist conducted a clothing clinic for District 4-H winners. The clinic was filled with lots of learning activities, including color, lines, and creative ideas. This clinic showed me there is much more to a clothing project than just

Deborah Farris, of Kinston construction. Understanding this has led me to explore the possibilities of a career in clothing.

For the past few years I have been interested in leadership and how I can help others. I have helped approximately 60 younger 4-Hers with record books, sewing, cooking and other projects.

During my years in 4-H I have learned that if you set goals and work very hard to achieve them, then those goals can be accomplished. One of my goals is to be a state winner in sewing. I have been a winner on the County and District level, going to State for the past two years, but not a winner yet. Yes, I was disappointed in not being a state winner, but I have come to understand you can't always have what you want. God is always near when you are let down or have a problem, no matter how large or small it might be. He cares, and will help you see things right. So, with this in mind, I will not stop - I will just work a little harder for the next year in sewing.

In closing, let me say 4-H is a great club. Through 4-H I have learned more about the valuable things in life. I would encourage any young person to become a member of 4-H, because throughout my years in 4-H, I have learned that 4-H not only helps me, but that I can also help others to make this a better world in which to live.

DEBORAH FARRIS

COMPETITION IN 4-H

BY: ANGELA G. HUGHES

Congratulations are in order for 24 Coffee County 4-Hers! These went to Troy State University in July and competed in the District Round-up. All activities presented some stiff competition.

Four young people went in the public speaking area - Lia Lowery and Don McWaters of Zion Chapel; Dana Henley and Candy Berry from Elba. Judy Helms of New Hope competed in the electric appliance demonstration, and Glenn Logsdon from Enterprise went in the electric applied science program. A future Alabama farmer, Kevin Ward, represented Coffee County in the tractor driving activity. Two 4-Hers, Elbert Maddox and Monica Pekarok from Zion Chapel and Enterprise, respectively, showed their skills in barbecuing by entering the chicken-que.

From Kinston, Wetzel Weeks and Barron Cain both set up a woodworking exhibit. In the woodworking demonstration, Kim Wilson from Enterprise did a good job. Although a majority of people age 16 and over drive automobiles, it takes skill to be able to do well in the automotive driving activity. Tony Johns from Elba, and Donna Carroll, New Brockton, were the participants in

this program.

Kim Dyess, New Hope, set up an outstanding exhibit of plant and soil science. The small engine demonstration attracted the attention of Larry McWaters from Zion Chapel.

Two talented young ladies from Kinston and New Hope - Deborah Farris and Dawn Smith - entered the fashion revue. Both girls made and modeled a fashionable dress.

Several girls entered the different foods programs. Lynn Watson, New Brockton, was in the senior dairy foods demonstration. Anita Mobley, Elba, entered the dairy foods exhibit. The junior dairy foods participant was Lulu Powell, also from Elba. Sandra Walker and Stephanie Johns, from New Brockton and Elba, competed in the baked foods exhibit and the breads demonstration. A relatively new program, the meat demonstration, was entered by Melanie Sanders, Zion Chapel.

Of this fine group, sixteen of them placed and nine returned to state competition. Anita Mobley placed second at state congress in the senior Dairy Foods Exhibit.

These youth will be the leaders of tomorrow. Each represented Coffee County well, and are to be commended for what they have done!

4-H is fun! These Elba young people agreed with this as they participated in the rally at the Elba Middle School and won first place for their club.

Rose Show

To Be Held

Coffee County's second annual Rose Show is scheduled for Saturday, October 13, and Sunday, October 14 at the Enterprise State Junior College Student Center in Enterprise, Alabama. The Rose Show Chapter of Enterprise is the host for this fall show. Times will be 2:30-7:00 Saturday, and 1:30-4:00 Sunday. These will be no admission.

Mrs. Clyde Johnson, president of the local club, has appointed the following committees for the show: Overall Chairman, Mrs. Clyde Jackson; Co-Chairman and Staging, Mr. Clyde F. Jackson; Clerk and Trophies, Mr. and Mrs. J. W. Reeder; Classification, Addison and Ann Prescott of Chippley; Placement, Mrs. Hal D. Bennett of Graceville; Judge Luncheon, Mr. and Mrs. Robert Cooper, Elba; Hospitality, Dr. and Mrs. V. D. McCrory, Elba; Publicity, Mr. and Mrs. Ray Hayes and Mrs. Luther Reynolds; Properties and Staging, Men of the Club; Diamonding, Bill Weevil Rose Club; Schedules, Mr. Ted Martin of Ozark; and Mrs. Clyde Jackson; Talking, Mr. Grant Miles of Chippley; Arrangements, Mr. J. R. Jacks of Dothan; Work Room Manager, Mr. J. R. Jacks.

This is an open show and anyone who grows roses is invited to submit entries for competition. There will be a novice section for those who have never won more than three blue ribbons in an American Rose Society sponsored show. Since this will keep amateur exhibitors in a separate section from the more experienced growers, it is hoped that many non-club members from the area will submit entries.

These Daugherty descendants and their families will meet at the home of Ivey and Cora Daugherty of Elba. Those attending were: Mrs. Gertrude Blocker, Elba; Mr. and Mrs. Ray Blocker, Mike, Elba; Mr. Ocie Daugherty, Elba; Mrs. Mervin Coon, Opp; Mr. and Mrs. Roger Wilson, Enterprise; Mr. and Mrs. Talmadge Daugherty, Opp; Mr. and Mrs. J.V. Daugherty, Loxley; Mr. and Mrs. Donald Rogers, Barbours; and Mrs. Donna Elba; Mr. and Mrs. Lynn Hamilton.

Three-In-One Study Club Meets

The Three-In-One Study Club met Thursday evening, October 4, in the home of Mrs. Nellie Martin, with Mrs. J.W. Kendrick as co-hostess.

Before the call to order, the hostesses served a party plate. Mrs. Cecil Prescott, Mrs. Mayo Prescott, Mrs. Sam Rowe, Mrs. Sam Sawyer, Mrs. Judson Vaughn, Mrs. E.M. Warr, the hostesses and guests, Mrs. P.H. Morrow and Matt Morrow.

Deborah Poss Weds Ray Hall

Miss Deborah Kay Poss of Montgomery, became the bride of Mr. Curtis Ray Hall, of Montgomery, on October 6, 1979 at 7 o'clock in the evening.

The wedding took place at Antioch Baptist Church at Wetumpka, Alabama, with Rev. J. Malcom Wade and Rev. Charles B. Stroud officiating.

The bride is the daughter of Mr. and Mrs. Charles Floyd Poss. She is also the granddaughter of Mrs. Lena Farris and the late Mr. Welcom E. Farris of Rt. 3, Elba.

The groom's parents are Mr. and Mrs. Curtis Caudell Hall of Montgomery.

The bride was given in marriage by her father. Her bridal gown was of white tulle, designed with full bishop sleeves and sheer yoke. Ruffles of the skirt outlined the yoke and formed designs on the full bouffant skirt. The skirt swept into a chapel length train. Ruffles of matching lace edged the skirt. She wore a mantilla of silk illusion edged in chantilly lace. She carried a bouquet of white roses, pink mums, pink and yellow carnations and baby's breath.

Bridal attendants were: Belinda Hataway, cousin of the bride, Maid of Honor, Montgomery; Leigh Bailey, niece of the groom, Wetumpka, Ala.; and Robyn Roberts, niece of the groom, Panama City, Fla.

The groom's best man was Thomas Adams of Montgomery. Groomsman and ushers were Randy Hall of Birmingham and Joey Nave of Montgomery.

Music was provided by Don Lingle of Andalusia and Randy Hall, the groom's brother. Mrs. Marcus E. Bailey, sister of the groom, was the organist. A reception was held in the fellowship hall of the church following the ceremony.

Patricia Tatum Pledges At Auburn

Patricia Anne Tatum of Elba has pledged Kappa Kappa Gamma Sorority at Auburn University.

Jackie Prescott Pledges At Troy

Jacqueline Ann Prescott, 18, of Elba, has pledged the Epsilon Kappa Chapter of Alpha Delta Pi sorority at Troy State University.

The brothers of the Alabama Chapter of Delta Chi Fraternity are proud to have pledged Peter Lloyd Cash, son of Mr. and Mrs. Russell Cash of Elba. Pete attended Elba High School where he was involved in Beta Club and Mu Alpha Theta.

Delta Chi was founded nationally in 1890 and has been at the Capstone for over 50 years.

Chris Dewberry Celebrates Sixth Birthday With Party

Christopher Shea Dewberry, son of Mr. and Mrs. Steve Dewberry of New Hope Community celebrated his 6th birthday on Sunday, September 16, 1979 with a party at his home.

Chris's friends helping him celebrate were: Jonah Senn, Kevin Dewberry, Jamie and Jody Bass, Twyler Faircloth, Shannon and Kevin Ziglar, Jerry and Jason McWaters, Greg Mobley, Angie Sheffield, Andy and Jody Danner and Lee Dewberry, brother, not pictured. Keith Taylor, Shannon Ward and Beverly Ellison.

After the games were played, Chris's cake, decorated like Super Man, was served with punch, candy, cookies, ice cream and potato chips. "Mickey Mouse" was the party theme used in the other decorations.

The children sang Happy Birthday and Chris opened his many gifts. As his friends left to go home Chris gave each a party favor.

Chris's grandparents are Mr. and Mrs. Clayton Lewis of Brundidge, and Mrs. Susie Dewberry and the late Mr. Jim Dewberry of Elba.

Jim Rogers Pledges Delta Chi

The brothers of the Alabama Chapter of Delta Chi Fraternity are proud to have pledged James Thomas Rogers, Jr., son of Mr. and Mrs. James T. Rogers of Elba. Jim attended McCall School, Chattanooga where he was involved in FCA, Athenium, Missionary Committee, V. Soccer, Prefect, Disciplinary Committee.

Daniel White Celebrates Birthday

Daniel Braxton White, son of Mr. and Mrs. Buster B. White of Elba, Rt. 4, was honored on his fourth birthday with a party held at his home on Saturday, September 29, 1979.

After sharing birthday cake and party refreshments, presents were opened and games were played.

Guests attending were: Tanaye Lynn White, sister; Justin Kyser, Lori Weeks; Chris Nelson; Regina Prescott; Eric Payne; and Holly and Dana Strickland.

She will be recognized at the homecoming game between MML and Sweet Water this Thursday evening (today) at 7:15.

They were gowns of pink chiffon with chiffon capes, and a flower arrangement of pink flowers on the top of a small prayer bible.

The groom's best man was Thomas Adams of Montgomery. Groomsman and ushers were Randy Hall of Birmingham and Joey Nave of Montgomery.

Music was provided by Don Lingle of Andalusia and Randy Hall, the groom's brother. Mrs. Marcus E. Bailey, sister of the groom, was the organist. A reception was held in the fellowship hall of the church following the ceremony.

Magnolia Garden

Club Meets With

Mrs. Easters

The Magnolia Garden Club met October 4 at the home of Mrs. Douglas Easters, with Mrs. M.G. Bruckner as co-hostess. The members enjoyed coffee and cake before the meeting was called to order by the president, Mrs. Stan Marsh. Mrs. Marsh welcomed a new member, Mrs. Dawn Gwin.

After a business session and committee reports, the meeting was turned over to Mrs. P.H. Sellers, who gave an interesting talk on "African Violets." She then led a question and answer session on violets.

Members attending were Mrs. Ben Brock, Mrs. Lister Brunson, Mrs. Robert Cooper, Mrs. Dawn Gwin, Mrs. L. F. Inman, Mrs. Everett Kelley, Mrs. Joe Martin, Mrs. Robert Marsh, Mrs. Stan Marsh, Mrs. P.H. Sellers, Mrs. Kenneth Strong, Mrs. J. E. Tucker, Mrs. E.M. Warr and Mrs. Paul Windham.

The children sang Happy Birthday and Chris opened his many gifts. As his friends left to go home Chris gave each a party favor.

Chris's grandparents are Mr. and Mrs. Clayton Lewis of Brundidge, and Mrs. Susie Dewberry and the late Mr. Jim Dewberry of Elba.

After the meeting was called to order, Mrs. Nicholson presented an inspiring devotional. A very informative program on "Ferns" was presented by Mrs. Beverly Gwin.

After learning many helpful tips on growing healthy ferns, club members were invited to visit Gwin's Fernery on Calhoun Drive in Elba to view the many greenhouse plants.

This is an open show and anyone who grows roses is invited to submit entries for competition. There will be a novice section for those who have never won more than three blue ribbons in an American Rose Society sponsored show. Since this will keep amateur exhibitors in a separate section from the more experienced growers, it is hoped that many non-club members from the area will submit entries.

These Daugherty descendants and their families will meet at the home of Ivey and Cora Daugherty of Elba. Those attending were: Mrs. Gertrude Blocker, Elba; Mr. and Mrs. Ray Blocker, Mike, Elba; Mr. Ocie Daugherty, Elba; Mrs. Mervin Coon, Opp; Mr. and Mrs. Roger Wilson, Enterprise; Mr. and Mrs. Talmadge Daugherty, Opp; Mr. and Mrs. J.V. Daugherty, Loxley; Mr. and Mrs. Donald Rogers, Barbours; and Mrs. Donna Elba; Mr. and Mrs. Lynn Hamilton.

"Where good service is automatically a part of every car and truck deal"

Coach Wood States Tigers Must Have Maximum Effort To Win Against Troy

The Troy Trojans' "Playoff Express" comes to town tomorrow night with only one more stop before the Class 3A playoffs, and the Elba Tigers hope to dethrone the Trojans and jump on the playoff wagon themselves.

In other words, if Troy defeats Elba, they will wrap up a playoff berth, while an Elba win will keep the Tigers' hopes alive.

"Troy's record speaks for itself," said Elba's Coach Mack Wood, "and they're just as good as everybody thinks they are! Troy is by far the most consistent team we'll have played, and they're well-coached and well-disciplined. They don't make mistakes. On offense they run a wishbone, and it's a true wishbone. Their quarterback does a fine job of reading his keys, and they

take advantage of any mistake you make. They don't huddle, so we must be disciplined on defense. A lot of Troy's scores have come on long runs, like 66-yard and 80-yard touchdowns. They have outstanding backs in Austin (195) and Beverly (190), and they can both score from anywhere on the field. On defense, they run a 6-1 rover, and are hard to

run against. It's not how you line up on defense that makes the difference, it's the boys' motivation and effort that are the keys. Troy is big and strong, and they shut out Andalusia, so that speaks for itself."

"For us to win," added Wood, "our offense has to get off their rear ends or we'll get

whipped. Our offense has almost gotten us whipped 2 or 3 times, and as a whole I'm just not pleased with our offensive team. When we do our thing, we have a balanced team and can attack a defense from anywhere on the field; but we must have a maximum effort or we don't move. On defense, I'm scared to death. We have put in a plan and I think if the players do the

things they are supposed to, we'll have a fighting chance. We must be alert and be well-disciplined. Everyone must do his job."

"I always feel like we've got a chance to win," stated Wood, "and if you play four good quarters, you'll be in the game. If you don't play four good quarters, you don't de-

serve to win. We must equalize things with our offense and have a good defensive night. If we play as good as we can, we'll be in the game; if we don't, we'll get whipped; and if we play like we did last week, we'll get embarrassed."

Coach Wood reported five starters missed practice Monday, but he said that the team that played okay, but it wasn't a team effort."

Looking back to last week's 17-6 win over Greenville, Coach Wood said, "Greenville had a good defensive plan and did a fine job. I give them all the credit in the world. We made little mistakes that caused us to break down in crucial situations, and we were careless. We had a good many people that played okay, but it wasn't a team effort."

I'm not trying to take anything away from Greenville, because they played a good game, but Elba didn't look too sharp last week. The players made little mistakes that hurt us in key situations, and were simply "flat." But, a win is a win!

Zion Chapel wrapped up a playoff berth last week and must now come back down to earth and finish out the season. The Rebels had a strong club last year, but missed the playoffs by one game. This year, Coach Collins and his staff have worked hard, and the boys have dedicated themselves to being the best! Good luck!

There were a lot of surprises last week in high school football, and here are just a few:

***Troy not only won, but shut out the Andalusia Bulldogs 21-0, and could wrap up a spot in the playoffs if they get by Elba this week.

***Leadland was undefeated, and Ashford was winless, so who won? Right. Ashford pulled a shocker and blanked the Rams 10-0.

***Last year Dale County was rolling along and got upset by Hartford. This year Hartford was rolling along and got romped by Dale County 35-20.

***And, Opp won, but had a tough time before beating a weak W.S. Neal team 26-21.

Ye old Polish Prognosticator hit on 23 of 29 picks last week, and has now started picking more games than ever. Maybe this week the crystal ball will clear up and the picks will improve!

ELBA vs. TROY
The Trojans haven't won in 5 years, and they should be fired up for this crucial area match-up. Elba will be ready, but they'll be a little less than full speed. It could be the difference!

Elba Packers Edge Zion Chapel In 2 Overtimes

The Bi-County Football League had another busy weekend, with plenty of action in every game. The highlight was the Packers' exciting 6-0 win over Zion Chapel.

ELBA PACKERS 6
ZION CHAPEL 0
The Elba Packers journeyed to Zion Chapel last Saturday night and claimed a 6-0 win in two overtimes. Both teams played well on defense, with Stan Sauls scoring the only touchdown of the night. The Packers were led on offense by Pat Norris, Chris Thigpen and Stan Sauls, while on defense, standouts were Troy Hudson, Pat Norris, Darren Smith and Chan Barabec. Bill Bruckner had 2 fumble recoveries.

RED BARONS 7
RAIDERS 0
The Elba Raiders put on 3 goal-line stands, but still lost 7-0 to Opp's Red Barons. The Raiders only had the ball for 7 offensive plays, and had 6 fumbles, 4 of which were recovered by Opp. Leading the Raiders on defense were J. Crawford, S. Magwood, S. Brown and G. Hanchey.

RED BARONS 6
TIGERS 0
The Opp Red Barons returned a punt 35 yards for a touchdown and held on to edge Elba's Tigers 6-0, in a defensive struggle. Robin Lawrence ran well for the Tigers, and Jeff Davis caught 3 passes. On defense, Richard McKinnon, Tim Flowers and Bobby Jordan led the way.

Beau's Magic Black Wins World Grand Championship In Decatur

On Thursday, September 27, Beau's Magic Black, the stylish black stallion owned by A. E. (Pete) Dorsey, III, of Elba, was crowned the Grand Champion 15.2 and Under Racking Horse at the Racking Horse World Celebration held in Decatur, Alabama.

Beau is trained and ridden by Ben Cardwell of Troy. The little black horse finished second in the qualifying class on Tuesday night, but managed to put it all together in the Thursday "Grand Championship Class." Prior to his World Grand Championship win, Beau's Magic Black set an unequalled record by winning more 15.2 state championships than any other horse in the history of the breed.

Beau started out by winning the Magnolia Festival in Jackson, Mississippi; Alabama State Championship in Montgomery; Mississippi State Championship in Columbus, Miss.; South Carolina State Championship in Greenville, South Carolina; and the Georgia State Championship in Atlanta, Georgia.

Beau's Magic Black will put on an exhibition at the Racking Horse Show in Elba, on October 13, at the Recreation Center.

Elba's "Miss Priss" Ready To Make Run At Coon Hunting's Triple Crown

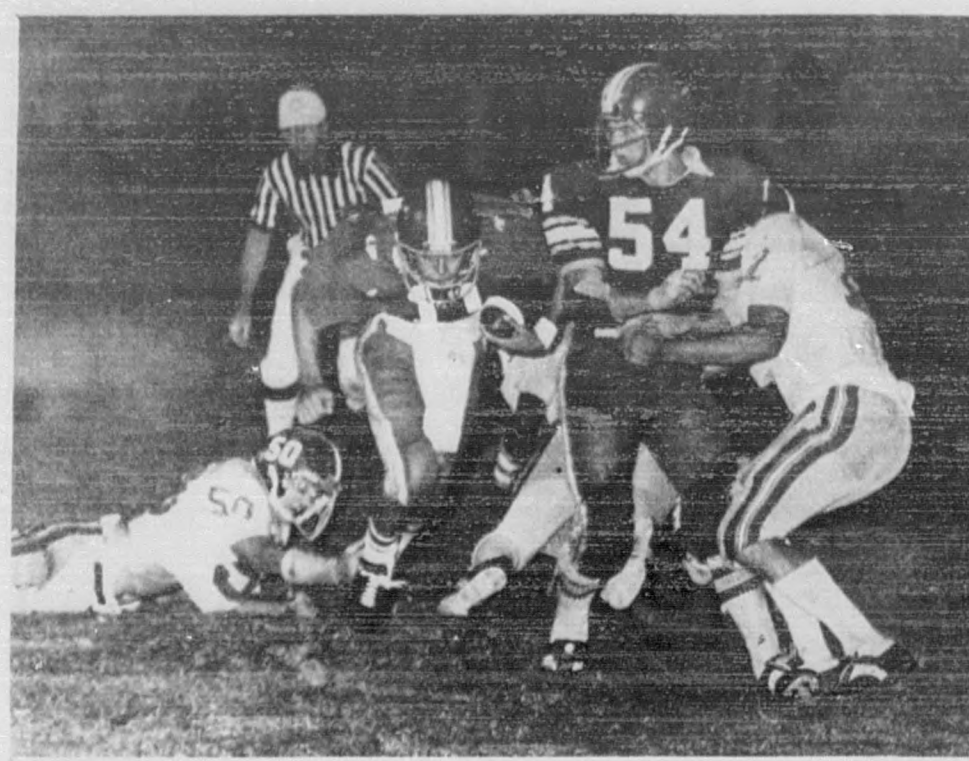

"Miss Priss," a 6-year-old blue tick hound owned by Elba's Earl McCollough, is taking a break from the competitive world of coon hunting as she prepares to make a run at the Triple Crown. The triple crown in coon hunting would be a clean sweep of the Alabama, Florida and Georgia State Championships, which are coming up beginning next weekend. Over 400 dogs will be at the Alabama Championship on October 19-20, in Ozark, and just as many will be at the Florida meet on October 26-27 in Chipley, and at the Georgia meet on November 23-24 in Douglas.

"Miss Priss has competed against these dogs before," said McCollough, "and she's beaten over half of 'em. I think we've got a shot at doing real well in all the meets."

The championship hunting dog has won trophies at meets in Geneva, Eufaula, Ozark, Douglas, Georgia, and Panama City this season, and could bring home the biggest trophy of them all before the year is over!

New Brockton Clobbers Freeport 49-7

The New Brockton Gamecocks rolled to their sixth straight win last Friday night when they clobbered Freeport 49-7 in Freeport.

The win capped the Gamecocks' record to 4-0, while Freeport fell to 2-3.

The Gamecocks got off to a slow start, but began moving late in the opening stanza, and never slowed down. The game's first score came with 11:22 left in the first half on a 10-yard pass from Keith Roberts to Keith Nolen, and Phil Freese added the extra point to make it 7-0. The Freeport team went to the airways on its next possession, but Brockton's Stephen Foster intercepted a third-down pass and the Gamecocks were knocking on the door. Terry Medley notched the touchdown on a 2-yard burst, but the p.a.t. failed, and with 7:09 left in the half, Brockton's lead was up to 13-0.

Freeport returned to the air on its next series with even worse results. This time, Keith Roberts picked off a pass and rambled 34 yards for a touchdown. Freese's extra point was good, and with 6:17 left in the half, New Brockton had put the game away, leading 20-0.

The Gamecocks increased their lead to 27-0 in the third quarter on a 48-yard run by Danny Haynes and a Freese extra point, and then the "dungs" struck again, as Kevin Weeks intercepted a pass deep in Freeport territory. Haynes again got the touchdown, this time on a 4-yard run, and after a Freese p.a., the Gamecocks were on top 34-0.

Freeport scored on its next possession to make the score 34-7, but the Gamecocks were still far from being through. Terry Medley ran 47 yards for

a touchdown and added a paydirt on a 33-yard dash late in the game to make the final 42-7, and Ricky Sipper reached score 49-7.

"On defense," added Boutwell, "they are even better."

It's the "Game of the Year" in Coffee County this week when the undefeated Zion Chapel Rebels (5-0) journey across the county to battle the undefeated New Brockton Gamecocks (6-0). It won't be the place to be if you've got a weak heart, but if you like football, you'll be in Heaven!

"New Brockton is undefeated," said Rebel Coach David Collins, "and if they win, they'll almost be assured of the county championship. They're not eligible for the playoffs, so this is their chance to prove they're the best team in the county system. It's going to be a tough game!"

"I watched New Brockton play Houston Academy," added Collins, "and I was very much impressed with the way they came back and won. When you can come from behind and win, it makes you a better team, and Brockton has proven they can come from behind. They are fundamentally sound in every phase of the game, and do everything well. They execute well on every play, and don't make mistakes. On offense, they like to run a wishbone and run the outside veer. Brockton has two good backs in Medley and Haynes,

BY: GREG BRUNSON

Last year the Arton Purple Cats knocked the Zion Chapel Rebels out of the State Playoffs with a very controversial victory. This year, the Rebels got some sweet revenge.

Zion Chapel posted a very impressive 14-3 victory this past Friday night, which gives the Rebels a perfect 5-0 record for the season, and wraps up the Area 5 title. This means that Zion Chapel will battle the Area 6 champions in the first round of this year's state playoffs.

The Purple Cats really tested the rugged Rebel defense. Arton had what seemed to be the best offense to face Zion Chapel this year. Arton moved the ball very effectively for most of the night, but never managed to crack the Zion Chapel goal line.

Arton took the opening kickoff on their own 27-yard line and drove to the Zion Chapel 20, at which point the Zion Chapel defense stiffened. Chris Stevens attempted a 37-yard field goal which sailed wide to the left, giving Zion Chapel the ball.

The Rebels moved out for one first down before the Arton defense stopped them. A bad snap on fourth down forced Tony Calhoun to punt the ball on the run, resulting in a 12-yard loss on the play. Arton then had a first down on the Zion Chapel 21-yard line. Three running attempts netted only 4 yards. Stevens booted the field goal from 34 yards out, giving Arton a 3-0 lead with only 54 seconds remaining in the first quarter.

The two teams exchanged fumbles on their next possessions as the end of the first half drew near. Zion Chapel

took control with 1:23 remaining in the half on their own 20-yard line. Seven plays later, Tony Calhoun connected on a 30-yard touchdown pass to Byron Foley. Foley walked the tightrope down the sideline to barely get into the endzone. Boyd Deal kicked the extra point, so with 32 remaining in the first half, Zion Chapel owned the lead 7-3.

The Rebels took the second half kickoff but were unable to sustain a drive. Calhoun booted out a fine punt giving Arton the ball on their own 21-yard line. The Purple Cats drove the length of the field to the Rebels' 18. A penalty set Arton back which stopped the drive.

Zion Chapel couldn't move the ball on their next possession and was forced to punt. Jeff White broke through the line to block the Tony Calhoun punt giving Arton great field position on the ZC 23. Eight plays later, Allen Stinson was stopped inches short of a first down on the Zion Chapel 3-yard line. This turned the ball over with 9:19 remaining in the game.

Two rushing attempts netted only one yard, so, on third down, Coach David Collins made a call that could have won the game. Boyd Deal took the snap, pitched back to Tony Calhoun, and a tough aggressive who in turn booted out a 41-yard quick kick.

The Purple Cats ran three plays which gained a total of 5 yards. Tommy Elbert was trapped on fourth down for a three-yard loss as he ran on a fake punt. This gave Z.C. a first and 10 on their own 43-yard line with 6:00 remaining in the game.

Brockton's Coach Boutwell Looking Forward To Battle With Rebels

"It's good for our kids to be facing such a challenge, and we're looking forward to it!"

Those were the words of Coach Leavy Boutwell when asked about his team's game this week against the unbeaten Zion Chapel Rebels. New Brockton has stunned everyone this season by rolling up 6 straight wins, and will be out to avenge last year's 30-0 loss at the hands of the Rebs.

"It is a big rivalry," stated Boutwell, "and Zion Chapel is a football school. They have tremendous support from their student body and community, and they have one of the top Class A programs in the state. Offensively, Zion is a 'Power I' team. They use 9 or 10 backs during every game, and always have fresh backs in the game. They have a very patient, well-disciplined team, with a combination of power and speed. They don't do anything fancy. They just do what they do well. They try to outmaneuver you, and their backs are real smart, and pick their holes well. Zion will set you up and then hit you with a long scoring play. On offense they don't have any weaknesses. They don't fumble, don't make penalties, don't make mental mistakes. On defense," added Boutwell, "they are even better."

When asked about the 49-7 win over Freeport, Coach Boutwell said, "I was well pleased with the victory. I'm glad our boys got a chance to rest up a bit, and a win is a win. I'm real proud to be associated with kids that have worked hard to notch the school's first winning football team ever."

"On defense," added Boutwell, "they are even better."

On offense, Collins praised the play of Tony Calhoun (QB), Byron Foley (SE), Mike Ammons (TB), Herman McClain (TE), and Mike Camley (FB). Drawing praise on defense were Boyd Deal (DE),

Andy Cape (DE) and Herman McClain (DB).

In closing, Collins said, "I'm proud we're in the playoffs, but we've still got a lot of games left, and our men must realize the season is far from being over."

Zion Chapel Homecoming Queen Suzanne Sanders is crowned by last year's queen, Patty Flowers.

Nine plays later, Tony Calhoun ran a quarterback sneak from the eight-yard line. This touchdown, along with the Boyd Deal extra point, made the score ZC 14 - A 3, with 2:38 remaining in the ball game.

Arton was again unable to move the ball on the Rebel defense. Zion Chapel took the ball over and ran the clock out to ensure a trip to the state playoffs.

The Zion Chapel offense was more impressive this week than it has been all year. Tony Calhoun threw the ball well and showed an outside running ability. Mike Camley rushed 13 times for a total of 69 yards in his usual impressive manner. But the biggest surprise of the night was Herman McClain. Herman rushed 8 times for a total of 58 yards, with many of these including crucial carries to gain first down.

"It's hard to think of something to say about the Zion Chapel defense that hasn't already been said. The 'Rugged Rebels' are incredible!"

This Friday night, the Rebels will travel to New Brockton to do battle with the undefeated Gamecocks. The 2A Gamecocks should prove to be the toughest test for Rebel so far this season. Both teams enter the game undefeated, so this should be quite a game! Kickoff is at 7:30. SEE YOU THERE!

Elba Tigers Up Record To 5-1 With 17-6 Win Over Greenville

Elba majorette Kim Whitman performs at halftime with Marching Tigers.

The Elba Tigers rallied from an early 6-0 deficit to claim a hard-earned 17-6 win over the Greenville Tigers last Friday night in Greenville.

The win capped Elba's record to 5-1, while the loss dropped Greenville to 0-5-1. Elba received the opening kick and promptly notched a first down on a 16-yard run by Don Horstead, but the Alan King pass was intercepted at the Greenville 30-yard line. Greenville, billed as a team with no offense, proved anything but, and wasted no time in reaching paydirt. The Tigers of Butler County ate up huge chunks of yardage with running plays, and scored on a 1-yard plunge by Kenneth Crenshaw. The extra point failed, but Greenville was on top 6-0 with 4:48 left in the opening stanza.

Elba moved to two first downs on its next possession, only to again bog down. Alan King booted a 38-yard punt that was downed on the 10-yard line, and Greenville was backed up deep in their territory.

Three running plays left Greenville facing a 4th down at their own 6-yard line, and on the attempted punt the snap was low. Elba appeared to pounce on the loose ball and one referee actually raised his arms to signal a touchdown, but the ball again squirted loose, and Greenville recovered for a safety. With 10:43 left in the half, Elba was on the board, trailing 6-2. Elba got the ball right back on a free kick, but two plays later, Don Horstead was injured and left the game for the night. The two teams swapped punts, with Elba ending up with the ball on their 42-yard line. The Tigers drove to the 37, but again were stopped and the game seemed to be slipping away. However, Doug Daniels recovered a fumble on the next play and Elba was back in business! Two running plays had little success, but on third down, Alan King passed to Danny Basley for a 14-yard gain and a first down. A screen pass to Bobby English moved Elba to a first down at the 14-yard line, and two plays

later King hit Todd Westbrook on a 9-yard scoring toss. King passed to Danny Basley for the two-point conversion to put the Tigers ahead 10-6 with only 1:26 left in the half.

Greenville almost returned the ensuing kick all the way back for a touchdown, but Elba stopped 'em and at halftime Elba owned a slim 10-6 lead. Greenville received the second half kick but couldn't move and was forced to punt, with Elba taking over on their 22-yard line. Bobby English broke through a huge hole on the first down play and headed down the sidelines for a 68-yard gallop down to the Greenville 10-yard line. Mike Harrelson gained 6 yards on the initial play, and one play later Bobby English went over from 2 yards out for a touchdown.

Alan King kicked the extra point to give Elba a 17-6 lead with 6:39 left in the third quarter.

Greenville began to move late in the third quarter, but Coleman had 8 tackles and 1 assist, followed by Mark Clark who stopped an offensive threat late in the game, only to be stopped

when Chris English intercepted a pass in the endzone. Elba ran out the clock to hold on for a 17-6 win.

Goshen Spoils Brantley Homecoming, Dumps Dogs

Goshen's Benny Brundidge (34) is stopped by Brantley's Rayborn (55).

The Brantley Bulldogs celebrated homecoming last Friday night, but there wasn't much to cheer about as Goshen posted a 28-6 win.

The loss dropped Brantley's record to 1-5, while the win upped Goshen's slate to 3-2. Brantley received the opening kick and began to move, only to stop themselves with a fumble on the Goshen 39-yard line. The Eagles moved to two first downs, but were forced to punt. However, the Bulldogs fumbled the punt to put Goshen in business at the 11-yard line. The Brantley defense held and took over on the 3-yard line, but couldn't punch it out, and punted back to Goshen. This time the Eagles were flying high, and they marched 45 yards in 8 plays to go ahead 6-0. Curtis Allaway notched the score on a 1-yard plunge, and Benny Brundidge added the 2-point conversion to make the score 8-0 with 8:24 left in the half.

Brantley fumbled the ensuing kick to give Goshen another scoring opportunity, 4-11-0. The Bulldogs again held. The Eagles punted, and the Bulldogs fumbled again to give Goshen the ball on the 7-yard line. Two plays later, qb Mark Johnson sneaked in from 1 yard out, and Jeff Lee kicked the extra point to boost the Eagles' lead to 15-0 with 4:35 left in the half.

The two teams swapped punts to start the second half, but on Goshen's second possession the Eagles again marched to paydirt. The drive covered 69 yards in 10 plays

Goshen's Jeff Lee kicks a field goal during the game.

It was homecoming at Brantley last week, and reigning over the ceremonies were: (L - R) Freshman attendant Renee Bryan & Tim Rayborn; Senior attendant Lisa Compton & Ray McCallister; Homecoming Queen Patsy DeFee & Ricky Sims; Junior attendant Tina Jenkins & Johnny McKinney; and Sophomore attendant Paula King & Ricky Parsons.

Time To Renew Fishing And Hunting Licenses

The Game and Fish Division of the Department of Conservation and Natural Resources reminds all Alabama sportsmen that current hunting and fishing licenses will expire on September 30.

All sportsmen 16 years of age and older who hunt or fish in Alabama during the coming fiscal year, which begins on October 1, must acquire the appropriate license or licenses.

The costs of the various hunting and fishing licenses are as follows:

Hunting Licenses - Resident
- State \$10, county \$5;
- Non-Resident - Annual All Game \$50; Annual Small Game \$15; Five-day Trip All Game \$25; Five-day Trip Small Game \$10.

Fishing Licenses - Resident
- Annual Rod and Reel - \$6;

Hook and Line (ordinary cane pole) in county of legal residence \$1.00; Disabled - 25 cents.
- Non-Resident - Annual \$10; Seven-day Trip \$4.00.

A 25 cents issuance fee is required for each above-listed license. All military personnel are required to have licenses. A \$5.00 state and \$7.50 federal Duck Stamp are required in addition to the appropriate hunting license when hunting migratory waterfowl.

Residents over 65 years of age may obtain lifetime hunting or fishing licenses by paying the appropriate issuance fee.

Boating Safety Tips

So you're going fishing. What are the chances that you won't get back? That all depends on you.

Assuring your safety while you're in a boat requires much more than just throwing your safety equipment in your boat and letting it go at that. Assuring your safety requires that you educate yourself in the use of the equipment.

Personal flotation devices, commonly known as life preservers, come in a variety of shapes and sizes. The most common of these used by fishermen is the type III device. This device, approved by the U. S. Coast Guard, is recommended since such a device is generally worn and then if a fisherman happens to fall overboard, he is wearing a life preserver.

Your best safety device is either the jacket or the buoyant vest. These devices are designed to keep you afloat on top of the water, and one should be worn at all times when boating. Buying and wearing one of these devices is much cheaper than a tragedy and perhaps a lifetime of remorse.

All boats propelled wholly or in part by machinery must display the proper running lights. After all, limited visibility doesn't mean just dark. What about being caught out

USDA Asks

For Comments

The public has until Nov. 15 to make recommendations for the 1980-crop peanut program, Ray Fitzgerald, Administrator Stabilization and Conservation Service, said today.

Consideration will be given to written comments on the following:- the amount of the national average allotment;- the amount of the national poundage quota; and the amount of such allotment to states.

The Secretary of Agriculture is required to announce by December 1 a 1980 national acreage allotment of no less than 1,614,000 acres and a 1980 national poundage quota of not less than 1,516,000 short tons (3,032 million pounds). The national poundage quota will establish the quantity of 1980-crop peanuts eligible for loan at the domestic edible support rate.

The Secretary may increase the quota for any marketing year he determines estimated requirements for domestic edible use and a reasonable carryover will require additional production. Under the 1979 peanut program, the national acreage allotment and the poundage quota were established at the legal minimums of 1,614,000 acres and 1,596,000 short tons, respectively.

Proposals on loan rates and program operation provisions will be issued later.

Written comments should be sent to the Director, Price Support and Loan Division, ASCS-USDA, Room 3741, South Building, P. O. Box 2415, Washington, D. C. 20013. Comments will be available for public inspection during normal business hours in the office of the director.

ASCA Seeks Recommendation For Cotton

The Agricultural Stabilization and Conservation Service (ASCS) invites farmers and other interested persons to submit recommendations on the 1980 upland cotton program.

Robert English, Chairperson of the ASCS committee, said the deadline for receiving comments is Nov. 19.

Program provisions under consideration include the upland cotton target price, the national program acreage and allocation factor, and the voluntary reduction from 1979 upland cotton acreage to guarantee target price protection on total 1980 planted acreage.

"Farmers should also express their views regarding whether there should be a set-aside requirement, acreage limitation and additional diversion of upland cotton," English said. Those in favor of these provisions should specify the amount and extent of such requirements, he added.

The Secretary of Agriculture will consider any written recommendations mailed to the Director, Production Adjustment Division, USDA-ASCS, P. O. Box 2415, Washington, D. C. 20013.

ROCK EAGLE Coffee County has five volunteer 4-H Club leaders at the Southeastern Leadership Shortcourse this week. Coffee County's five leaders join leaders from other counties in the state and from 14 southern states at the Rock Eagle 4-H Club Center near Athens, Georgia.

They will enjoy a fantastic experience in how to give leadership to 4-H and other youth groups. Leaders attending from Coffee County are Elisha Cooper of Enterprise, Janet Gray of Enterprise, Doris Cooper of Elba and Jo Bailey of Elba.

NEMATODES Coffee County farmers and landowners have sent in about twice as many nematode samples so far this year than last year. Now is an excellent time to take samples of your garden or row crop land to send to the nematode lab at Auburn. You can get the testing supplies at agribusiness firms and at the Extension Office.

October is an excellent time to get your nematode sample and to go ahead and treat with a fungicide if you have a problem. The soil is warm enough to get good fumigant action. You can then make early spring plantings of crops like tomatoes, cucumbers, beans, etc.

Incidentally, do not treat soils when they are very dry. Go ahead in garden areas and remove or plow under the old crop residues now.

She takes it upon herself to explain to farmers who participate in the program what the Peanut Producers Association is striving to do for the growers in this area. For example, she told me that in the last 12 - 15 years peanut yields have doubled in Alabama. We are planting fewer acres than we were 15 years ago, but the total tons of peanuts produced each year remain about the same.

But the main point she made is that all these peanuts are being sold. She is convinced, and I am, too, that the Alabama Peanut Producers Association, in conjunction with other grower associations throughout the south, are helping to sell peanuts. Now, the Alabama Association, through their existing representatives, are trying in a lot of peanut promotion work with the jelly industry, the salted nut industry and the food industry in general. The fact that we have markets for peanuts grown in Coffee County speaks for itself.

PEANUTS Louise King, who is without question the finest peanut public relations person in the world, is totally dedicated to helping peanut farmers in the Wiregrass. She maintains the office of the Alabama Peanut Producers Association in Dothan. I congratulate her on the excellent work she does.

STOCKER CALVES Would you be interested in a contract arrangement where you provide the stocker calves and the grower provides the feed and care of the animals and the grower provides the stocker calves? This arrangement on the amount to be paid the grower will be negotiated.

Individuals in the county may be interested in this program in that they would not have to take the risk themselves of investing in the stockers. Programs similar to this have been in effect for a number of years. It may well work fine and beneficially for a

SCARBOROUGH

The family physician (general practitioner) is as American as Old Glory and you can be assured that he is not fading away. The family physician will always be needed, and will in fact serve most of your family's medical needs.

The general practitioner will continue to cure your aches and pains, and when necessary he will refer you to a specialist. The specialist is highly trained in one particular phase of medicine, and it is up to the general practitioner to decide when the services of a specialist are required. Many bright young men enter the field of general practice every year and the family physician is here to stay. Also here to stay is our pharmacy.

KING REAL ESTATE is proud to announce the association of Mr. Bill Ray, formerly with Farmers Home Administration, with our firm as a Sales Counselor. Please call on him for any of your real estate needs.
